I'm fascinated at bedtime  
By that funny sound as evening falls  
Sweetly teasing is the cheerful singing  
Far off into the late night

Laughing e he, he, he  
Hee, hee, hee  
Says the cricket  
Here it is!

Pī and Pā are cricketing  
An unseen friend who shares the night  
Calling you to listen  
To the sweet sound fretting 'til dawn

Endless is my fascination  
In the sounds in the evening  
Finish now your calling the refrain  
As the daylight comes, here it is!
