

Intro 4x G C

Well it's been a long time

Since I've seen your familiar face

Good times that for good never leavin' this place

Sunbeams shine and cool winds blow

Friendlier folks with hearts of gold

Summer nights are calling to welcome me back home

Island Days forevermore

How I've missed those blue skies

Like summer every day

Sunrise, clouds that gently rain.

Children laugh, their smiles grow

Island music on the radio

Summer nights are calling to welcome me back home

Island Days forevermore

Sunbeams shine and cool winds blow

Friendlier folks with hearts of gold

Summer nights are calling to welcome me back home

Island Days forevermore

Island Days forevermore

Island Days

Pali Ka'aihue, Na Hoku 2009
