Grand is Kona of the clouds mirrored in the sea  
Puffy white clouds nestled in the calm  
Waters spill forth from the cloud banks  
There's no other that can compare  
With Kona of the mirrored seas  
A sea of mingling hues  
The calm seas of Kona

Hawai'i island is proud of the Kona district  
The water in the face of the clouds  
Hualālai stands there above  
The finest of the Kona District  
Kona is truly a sweltering land  
The 'Eka breeze brings sweet relief  
The gentle touch of the Kēhau breeze  
Cooling on the visitor's skin

Henry Waia'u composed this for his son's graduation from Kamehameha School in 1941. This hui was not a part of the original composition.
