It is for me to say
The wind whistles along
Love tugs at the heart and bring tears
The wind whistles along

Take good care of your feather lei
The wind whistles along
Or it'll be drenched in rain, fading its beauty
The wind whistles along

The expanse of Kaimukī is nothing to me
The wind whistles along
The pressure on the steam gauge is what I care about
The wind whistles along

What is the telephone doing
The wind whistles along
Ringing so late at night
The wind whistles along

Tell the refrain
The wind whistles along
You and I together, all else becomes naught
The wind whistles along
