For the beloved lei of pua kenikeni
My admiration and delight

Its pleasing perfume I enjoy
Which tells our love for each other

May you and I admire the flower's beauty
With its subtle fragrance so appealing

Fragrant, beautiful and excellent is the lei
Appealing and most attractive

Its soft perfume wins the heart
Its beauty is most entrancing

This is the ending of this song
In praise of the pua kenikeni

cent flower, the name may have been derived
from a time when these leis were sold for a dime.
